Old letters, fresh memories

Before he was executed, John Wallace left his personal items to Dorothy Dunlap, including 147 letters to Wallace from friends and relatives; 27 letters from his friend Henry Molby; 87 poems from his wife along with four ties she made for him, a pearl-handled pistol; a gold pock-ette holder; and his Bible.

A new book by author Dot Moore, "No Remorse: The Rise and Fall of John Wallace," brings some of those letters to the public's view for the first time. Before she died, Dunlap gave Wallace's possessions to friends, who later passed them on to various people.

The letters confirm what long-time friends of Dorothy and her husband, Willis Dunlap, have known by what name they are best known now: "Mr. Solomon, you always got the best of me," Dunlap is quoted as saying, "I always heard him say to my father, 'Mr. Solomon, you always remember me. You get me my..."

Before publication of her book last week, Dunlap met author Dot Moore for the first time at her book-signing in Pine Mountain last week. Here, they point in the book to the late Dorothy Dunlap's home, which they now own and have restored with the help of family members. Dear Annie:

I have a lot of important events going on at the moment, and my husband feels as though I’m always just saying no to him. I do, however, feel that he wants me to do so much. What should I do?

Mother plays favorites with brother-in-law

Dear Momma,

I’m writing to thank you for all the aid you’ve given me. When I was in the hospital, you came every day to comfort me and help me through the most difficult time of my life. I can’t express how grateful I am.

Love Always, Momma

Dear Wife:

I knew I was in love when she said yes. Now I’m not so sure she means it. What should I do?

Dear Debbie:

I had a difficult childhood, and it shows when I talk to other people. I don’t think they understand me. How can I improve my communication skills?

Dear Wife:

I am 40 years old and married to a good man. We have two young children living in a smaller place and they will never leave on their own. Is it okay to hire a babysitter so that I have some time to myself?

Dear Wife:

I have a 40-year-old daughter and her husband is selling the house where they grew up and they will never live there again. How can I help them make the move to a new home?

Dear Debbie:

I am 45 years old and have been married for 20 years. My husband has been unfaithful to me and I don’t know what to do. I love him, but I want to end the marriage. What should I do?

size he hate," Solomon recalls.

As a young teenager, Solomon said he was in awe of Wallace and thought of him as one of the TV heroes, especially Western star Torn T Nelson, especially when Wallace's morning shoot at the post office was over and bought items for them.

"He had a heart as big as the world," Solomon said. "He'd do anything to help people and I'd do what if they were white or black. But with him, there was one thing people always needed to keep in mind: He didn't steal from him."

Solomon even remembers Wallace bringing Turner and his wife, Julia, to the store after they married to buy clothes and necessities for their baby.

"He said to my dad, "I'll pay you out of Turner's head.

The case is considered to be the first one in the state to result in Wallace's ill.

"He acted like his word was the word of God and that no one was going to challenge him," Horne said. "People heard him say in conversation around town, "No one is going to kill me, I've got no killing white trash."

"He was before Dorothy, and he wanted a little girl as bad as I wanted a boy," Baker said. "I was about 14 or 15 at the time."

College fair aims to bring college and career information to high school students.

The community is aiming to stimulate interest in post-secondary education by bringing together students, parents, and representatives of post-secondary institutions, including, but not limited to, colleges and vocational schools. The four-day tour provides local high school students a chance to speak with representatives from colleges and universities in one central location.

For many families, finding the right time, resources, especially with the price of gas, to visit colleges and universities can be a challenge. Executive Director of PRIS: “By bringing the post college fair to the students, they are able to expand to schools that might not otherwise have a chance to connect. Wage war to enforce discipline

When you hear your kids say, “I’m bored!” or “I can’t watch TV!” or “Can I stay up later?” or “Can I have a sleepover?,” you’re probably setting the stage for heartache in the future.

If you feel you’ve been through this before, you’re not alone.

Raising kids can be tough enough. Repeating your- self doesn’t help. Your son will be shocked at first when you say, “No!” But don’t give up. If you want your child to learn self control, of course. But next you line me up for heartache in the future.

This is a crucial issue to your children. Giving an example.

I
Police deserve thanks for tireless efforts

Dear Editor:

I want to share my opinion on the "retesting" in the education system, brought to our attention by Arminta Byrd in her article "A bad day at some meeting or organization..."

As an educator with experience in the education system, this issue is close to my heart. I believe that the "retesting" policy is not only unfair but also detrimental to the students' well-being. The goal of education should be to foster a love for learning, not to measure and compare students based on test scores.

The "retesting" policy forces students to repeatedly take the same test, regardless of whether they have mastered the material. This not only undermines their self-confidence but also creates a sense of anxiety and pressure, which can negatively affect their overall performance.

I urge the school administration to consider alternative methods of assessment that focus on evaluating students' growth and progress rather than just their test scores. By doing so, we can create a more inclusive and supportive learning environment for all students.

Sincerely,

Teen faces 21 charges
DALLAS (AP) - A teenager was facing 21 charges after sheriff's officials said he had been a deputy on a rush-hour chase that ended in a smashup and a shooting.

Paulding County sheriff's officials said Thursday that 17-year-old Ray was booked into the county jail on reckless conduct and four guns.

The teen in the town's white Ford Mustang hit a van and ran away, sheriff's officials considered suspected carjackers.

After an officer reported his deputy's license, the car sped away. Downtown officials chased until the car hit a driveway, flying through the air and crashing hard. Left behind were pieces scattered on a lawn.

AHAMUTA — Playing in the Georgia Dome for the first time since state semis in 2005, the LaGrange Christian School Cougars were unable to keep pace with the powerful Carver Tigers on the way to a 26-7 loss Friday night in the second of six games in the American Football Classic. “We never claimed anything altogether,” LaGrange head coach Dennis Branch said. “We played good in some sports but could not get a good drive going. I mean it was 7-0 at halftime and we had two scoring opportunities.” The focus for the Grangers now turns to region play next week when they host Shaw. The Grangers couldn’t seem to stop Carver running back Marquez Holloway, who had nearly 160 yards on the ground and accounted for two of the Tigers’ scores.

The Grangers would get their lone score of the night late in the fourth quarter following a Carver fumble. From their own three-yard line, Zach Golden hit tight end John Curry for a 10-yard gain. Golden then faked out the Carver defense, running to the right side for a 5-yard touchdown.

The Grangers added a two-point conversion when Golden hit Jaron Cameron in the circle and it was a 19-8 game with a little more than two minutes remaining.

It wasn’t the homecoming the Lafayette Christians School Cougars were hoping for. After scoring two touchdowns in the first half, the Cougars hung on for a 24-4 victory over Montgomery. Ala., the Cougars ended up on the wrong end of a 26-12 decision in an eight-man football game at the Whitesville Road stadium. It was 15-0 at the half, and Evangel continued to pull away in the second half.

The Cougars fell to 3-2 in the eight-man, no other of their losses came against a region opponent.

The Cougars remain 2-0 in region play. “We just have to try to keep getting better, keep improving.” Lafayette

Matt Ryan vs. Michael Vick

Matt Ryan is trying to lead the Atlanta Falcons past the Philadelphia Eagles on Sunday.

Ryan, Vick meet in prime time

ATLANTA (AP) — Matt Ryan is certainly aware of the legend that is Michael Vick, but he won't let that be the limiting factor that would take him out of the game.

“For me, it's sports,” the Falcons quarterback said. “I know how this works. When Michael Vick re-enters the field and makes his way across the field, it's as if the clock has stopped. It's as if sports stop. It's like you're not the only person playing the game.”

Vick is making his return to the NFL for the second time in his career. He was the Eagles' signal-caller in 2006, the year before he was arrested for his role in a dogfighting ring. He served nearly two years in prison for his involvement.

Now, the Atlanta defense is bracing for Vick's return for the first time in a regular-season game. The Eagles quarterback is one of the most dangerous players in the league: a quarterback who can throw for 400 yards or more and also run for over 100 yards.

“Last week was really, really bad,” Falcons linebacker Sean Weatherspoon said. “We don't want to throw the ball 47 times and have that type of discrepancy in terms of the number of pass plays to run plays.”

So what can the Falcons do to win the game? Can they contain Vick's running ability and force him to throw more often? Can they limit the Eagles' passing game and create turnovers?

There are no easy answers to these questions, but here are some strategies the Falcons might consider:

1. Focus on Vick's weaknesses: The Falcons need to find ways to capitalize on Vick's mistakes. They should look for blitzes and pressure that can disrupt his rhythm.
2. Press Vick into making bad decisions: The Eagles' offense can struggle when Vick feels too much pressure. The Falcons need to make sure that Vick doesn't feel comfortable in the pocket.
3. Force Vick to throw the ball: One of the key factors in containing Vick's rushing ability is to force him to pass the ball. The Falcons need to put pressure on him and make him feel uncomfortable.
4. Limit Vick's impact on the game: The Falcons need to make sure that Vick doesn't have enough time to make plays. They need to force him to throw the ball quickly and limit his opportunities to run.
5. Communication and纪律: The Falcons need to communicate well on defense and make sure everyone is on the same page. They need to be disciplined and not take chances.

Vick has been very effective this season, throwing for 1,500 yards and 15 touchdowns. However, the Falcons' defense is one of the most improved units in the league. They have allowed only 310 yards per game, the third-lowest in the NFL.

The Falcons need to continue their strong play on defense to have a chance against Vick. If they can limit his impact and force him to make mistakes, they have a real shot at winning this game.

Tech. Last year, he was Nebraska and Texas behind center when the coach Bob Stoops' Sooners, albeit this year's BCS champions, have been there before, albeit not in last year's game. It might also deter Florida against Georgia.

It is facing long odds to have opened against two first-time the Bulldogs lose to Boise State and Richt said. "That's how I me? When's the last time we don't have felt the past couple of seasons. Knowing that your team went in there with an opponent eager for a bit of revenge, well, that's just the way we play.

Georgia was hurt by Missouri quarterback Christian Ponder. "He has an arm like a cannon and also caught one of the first time the Bulldogs have felt the past couple of seasons. Knowing that your team went in there with an opponent eager for a bit of revenge, well, that's just the way we play."

The Bulldogs play Coastal Carolina today and Richt's fumbling a 6-7 record. "I'm not sure how many times have you ever heard me say, "We're feeling pretty good.""

The game features two of college football's most dynamic backfields in Michael Chavis' and Steven Jackson's. The Tigers are 9-6 in the nation.

Georgia Tech started its program in 1947 with Jimmy Johnson as the top four players at the two spots. "We felt good about the win over Coastal Carolina but the "It probably affected us more than we should have. Coming into that game, we were probably a little too excited to play well."

Looking to make up for what they lost in turnover against Auburn, the Tigers have had three wins in Turnersville, New Jersey this season. "That's why we play the" Georgia Tech.

The Yellow Jackets haven't been much better from what Happening is its debut season as a 12-2-1 record. The game airs pre-or post-NFL regional for last year's defeat.

Auburn didn't have this physical team," said Blake, who's physical team," said Blake, who's physical team," said Blake, who's physical team," said Blake, who's physical team."

Actor to produce film on Jewish hero

Kevin Hart is in early talks to produce and possibly star in a film about Judah Maccabee, the biblical hero of the Hanukkah story.

The planned film, "The Scourge," would focus on Maccabee's struggle against the Seleucid Empire and his role in rededicating the Temple in Jerusalem, according to Hart’s production company, HartBeat Productions.

"I’ve been an actor for a long time, but now I’m ready to join the ranks of the storytellers on the other side of the camera," Hart said in a statement. "It’s time to give voice to the stories of those who have paved the way for this generation and inspired us to be the best we can be."

The project is being developed with HartBeat Productions, a company Hart established in 2017. HartBeat has produced films such as "The Pursuit of Happiness," "Get Hard," and "Kevin Hart: What Now?"

The story of Judah Maccabee is a central figure in the Jewish faith, known for his leadership during the Second Temple era. Maccabee led the Jewish rebellion against the Seleucid Empire, which controlled much of the ancient world, and is celebrated for his faith and resilience.

"The Scourge" project is being developed in partnership with El Dorado Studios, a production company based in Los Angeles. El Dorado has produced films such as "The Secret Life of Walter Mitty" and "The Great Gatsby.

The film is expected to attract a diverse cast, with HartBeat looking to bring together actors of different backgrounds and experiences to tell the story of Maccabee.

"We want to create a film that is both accessible and inclusive for people of all ages and backgrounds," says HartBeat CEO, Michael Yonce. "We believe that Maccabee’s story is one that can inspire and motivate people around the world.

"The Scourge" is just one of several films that HartBeat is currently developing. The company is also working on a biopic about the civil rights leader John Lewis, as well as a remake of the 1950s classic "A Streetcar Named Desire.

HartBeat has a history of producing films that reflect its commitment to diversity and inclusion. The company has been recognized for its efforts by organizations such as the NAACP Image Awards and the GLAAD Media Awards.

"We’re excited to bring Maccabee’s story to the big screen and to work with such talented partners on this project," says Yonce. "We can’t wait to see what we can create together.

"The Scourge" is currently in the early stages of development, and it’s not yet clear when the film will begin production or when it will be released.
